

7.1.3- Describe the facilities in the Institution for the management of the following types of degradable and non-degradable waste (within 200 words)

- Solid waste management
- Liquid waste management
- Biomedical waste management
- E-waste management
- Waste recycling system
- Hazardous chemicals and radioactive waste management

1. Solid waste management:

The college, campus, classrooms and library etc. are cleaned every day.

For daily waste management, dustbins are kept on every floor for solid waste collection. The college has a compost pit for the recycling of garden waste.

College follows the practice of Reduce, Reuse, and Recycle (3Rs). College tried to make students aware of the zero waste techniques and use of 3Rs.

NSS Volunteers & NCC cadets actively participated in Swachhata Pakhwada program. This program was organized under Swachh Bharat Abhiyan conducted thrice in this year i.e. from 1st July to 11th July 2020, 15 days from 17th Sep 20 to 2nd Oct. 2020 and 1st Dec. to 15th Dec. 2020. NSS Volunteers & NCC cadets cleaned college premises, class rooms, NSS & NCC room. Approximately 70 To 80 cadets were regularly present and participated in the program, till 2nd of Oct. 2020 and celebrated the Mahatma Gandhi Jayanti. As well as next Swachhata pakhwada program was done in the month of Dec. 2020. As per the schedule NCC cadets cleaned the premises and their surroundings and sent their images to the institution and uploaded some of them on social media.

2. Liquid waste management: College is still trying to create awareness among students about Liquid Waste management.

3. Biomedical waste management:

The sanitary napkin machines, as well as the machine to dispose of pads, are installed in the Ladies' common room.

4. E-waste management:

E-waste management: Environmental studies department and IQAC arranged a one-day online workshop on the topic of E-Waste Management on 30th March 2021 to create awareness among the students about Electronic Waste. Mrs.Rashmi Joshi was rezsorce person for the session.

5. Waste recycling system: The college has a compost pit for the recycling of.garden waste.

6. Hazardous chemicals and radioactive waste management- It's not applicable to our college as college caters only for Commerce stream students.
